DEPARTMENT OF TEACHER EDUCATION

SCHOOL OF EDUCATION AND LEADERSHIP

COLLEGE OF EDUCATION

END OF YEAR TWO SEMESTER ONE EXAMINATION, 2024/2025

B.ED. PROGRAMME

COURSE CODE: TEUP 203

COURSE TITLE: Multimedia Development and Use

Instructions: Answer **all** Questions in Section A and any **three in** Section B

Time: 2 hours

MARKING SCHEME

SECTION A

[25 Marks]

Answer **all** Questions in this section

1. A common barrier to effective classroom communication is:
   a) Clear speaking
   b) Good lighting
   c) Noise interference
   d) Visual aids

2. A constructivist learning principle emphasizes:
   a) Active student participation
   b) Passive learning
   c) Rote memorization
   d) Teacher-centered instruction

3. A key principle for creating visual designs is:
   a) Asymmetry
   b) Complexity
   c) Contrast
   d) Disorganization

4. Adaptive and Assistive Technologies (AATs) primarily ...
   a) Advanced learners only
   b) Regular students
   c) Students with special needs
   d) Teachers only

5. An advantage of using handheld technology in education is:
   a) Decreased student engagement
   b) Higher maintenance costs
   c) Increased mobility
   d) Limited functionality

6. An important criterion for selecting teaching materials is:
   a) Cost only
   b) Durability only
   c) Relevance to learning objectives
   d) Size only

7. Audio-visual materials include:
   a) Books only
   b) Charts only
   c) Videos and animations
   d) Written text only

8. Communication in the classroom context involves:
   a) One-way transmission
   b) Teacher monologue
   c) Tw o-way interaction
   d) Writing only

9. Dick and Carey's Instructional Design Model emphasizes:
   a) Random planning
   b) Systematic approach
   c) Unstructured learning
   d) Vague objectives

10. Educational technology refers to:
    a) Computers application resources
    b) Hardware application resources
    c) Systematic application of resources
    d) Game based application resources

11. Effective storage of learning resources requires:
    a) Proper labeling and organization
    b) Random labeling and organization
    c) Temporary labeling and organization
    d) Storage labeling and organization

12. Evaluation of learning resources should consider:
    a) Aesthetic value only
    b) Cost only
    c) Multiple criteria
    d) Size only

13. Factors affecting material effectiveness include:
    a) Age variables
    b) Multiple variables
    c) Size variables
    d) Weight variables

14. Handheld technology in education includes:
    a) Desktop computers
    b) Large screens
    c) Mobile devices
    d) Projector screens

15. Learning materials should be:
    a) Complex only
    b) Expensive only
    c) Gender-responsive
    d) Rigid only

16. One principle of effective communication is:
    a) Complexity
    b) Confusion
    c) Clarity
    d) Vagueness

17. Principles of learning include:
    a) Active participation
    b) Passive reception
    c) Random activities
    d) Unstructured learning

18. Puppets as teaching aids are most effective for:
    a) Advanced concepts
    b) Complex mathematics
    c) Storytelling
    d) Technical subjects

19. Storage of digital resources requires:
    a) Backup systems
    b) More organization
    c) Random filing
    d) Temporary storage

20. The ADDIE model stands for:
    a) Analysis, Design, Development, Implementation, Evaluation
    b) Analysis, Distribute, Develop, Implement, Execute
    c) Analysis, Direction, Development, Integration, Execution
    d) Analysis, Design, Deliver, Implement, Evaluate

21. The main purpose of visual design in education is to:
    a) Confuse learners
    b) Enhance learning
    c) Make things complex
    d) Waste time

22. Using community resources in teaching:
    a) Decreases relevance
    b) Increases costs
    c) Makes learning contextual
    d) Wastes time

23. Visual communication in teaching should be:
    a) Complex
    b) Effective
    c) Random
    d) Unclear

24. Working models are best used for:
    a) Abstract concepts
    b) Demonstrating processes
    c) Static displays
    d) Theoretical topics

25. Your teaching philosophy should:
    a) Be rigid learners
    b) Guide resource selection
    c) Change learners
    d) Remain unchanged

SECTION B

Answer only **three** (3) questions in this section

1. **Question:**
   (a) Discuss the importance of Multimedia use in education [10 marks]

   (b) **Question:**
   Analyze the relationship between multimedia, educational technology, and instructional technology. How do these concepts intersect in modern teaching and learning?
   [15 MARKS]

2. **Questioon:**

Explain the ADDIE model in instructional design [25 marks]

3. **Question:**
Discuss any 5 criteria for selecting appropriate multimedia resources for inclusive primary classrooms. What factors should teachers consider? [25 marks]

4. **Question:**
Explain any 5 basic elements and principles of visual design in creating educational materials. How do these enhance learning? [25 marks]

5. **Question:**
Evaluate the role of handheld technologies in modern education. How can mobile devices enhance teaching and learning?
