COLLEGES OF EDUCATION

END OF YEAR ONE SEMESTER TWO EXAMINATIONS, 2024/2025

B. ED. PROGRAMME

TIME: 2 HOURS

UGTE 102: INTRO TO INFORMATION AND COMMUNICATION TECHNOLOGY

**SECTION A**

Instruction: Answer all questions in Section A and any three (3) in Section B.

---

1. What does ICT stand for?
   A. Information Communication Technology
   B. Information Computer Technology
   C. Information and Communication Technology
   D. Integrated Communication Terminal
2. The component of the computer responsible for processing is called the:
   A. CPU
   B. Monitor
   C. Mouse
   D. RAM
3. Which affordance of ICT tools allows students to access educational resources anytime and anywhere?
   A. Asynchronous learning
   B. Classroom-based activities
   C. Synchronous learning
   D. Traditional textbooks
4. Name the computer part that is connected to all other aspects of a computer and allows them to communicate and work together.
   C. Hard disk
   B. Mother board
   A. Operating system
   D. Output device

5. What type of software manages computer hardware?
   A. Application software
   B. Gaming software
   C. Utility software
   D. System software
6. Which is an example of utility software?
   A. Antivirus
   B. Chrome
   C. MS Excel
   D. Notepad
7. Which type of network covers a small area, such as a home, office, or school?
   A. LAN (Local Area Network)
   B. MAN (Metropolitan Area Network)
   C. PAN (Personal Area Network)
   D. WAN (Wide Area Network)

8. Why is it essential to use strong and unique passwords for online accounts?
   A. Strong passwords make it easier to remember login credentials.
   B. Unique passwords are trendy and fashionable.
   C. Weak passwords are more comfortable to crack, leading to unauthorized access and data breaches.
   D. Unique passwords reduce the need for regular password updates and data breaches.
9. Parts of a computer that allow the user to see or hear information that comes out from the computer are called:
   A. Input device
   B. Output device
   C. Operating system
   D. Software
10. The physical parts of a computer are termed as:
   A. Disk drive
   B. Hard disk
   C. Hardware
   D. Software
11. Another name for computer programs is:
   A. Ram
   B. Input devices
   C. Storage devices
   D. Software
12. A folder inside another folder is called:
   A. Attached folder
   B. Main folder
   C. Parent folder
   D. Subfolder
13. Microsoft Word is a:
   A. Computer Hardware Program
   B. Computer Non-Application Program
   C. Computer Application Program
   D. None of the above

14. What is meant by the concept of WYSIWYG in MS Word?
    A. What You See Is What You Get
    B. What You Seek Is What You Get
    C. What You See Is What You Give
    D. What You Seek Is What You Give
15. Which application software is used for browsing the internet, accessing websites, and searching for information?
    A. Graphics Software
    B. Internet Web Software
    C. Internet Software Browser
    D. Web Browser
16. A computer system consists of two main parts, the software and _____
    A. Hardware
    B. Hantivirus
    C. Hothware
    D. Hantware
17. Which of the following does not require the use of a mouse?
    A. Turn on
    B. Drag and drop
    C. Hover
    D. Right click
18. Sometimes you may receive very attractive offers saying you have won a huge amount of money in a lottery and that you can claim the prize by depositing a certain amount of money known as:
    A. Internet scams
    B. Online predator
    C. Theft Scam
    D. Trojan Scam
19. Which one of the following operators represents multiplication in Excel?
    A. ÷
    B. +
    C. *
    D. /
20. Which component of a computer system is responsible for storing data and program instructions temporarily while the computer is running?
    A. Central Processing Unit (CPU)
    B. Hard Disk Drive (HDD)
    C. Graphics Processing Unit (GPU)
    D. Random Access Memory (RAM)
21. Which of the following is an example of system software?
    A. Adobe Photoshop
    B. Google Chrome
    C. Microsoft Word
    D. Linux

22. What is the primary purpose of application software in a computer system?
    A. Managing computer hardware resources
    B. Performing specific tasks for end-users
    C. Providing a user interface for system configuration
    D. Loading the operating system during startup

23. When you want to switch between "ALL CAPS" and "SMALL CAPS" you can use the:
    A. Change case
    B. Increase font
    C. Reduce font
    D. Text effect
24. Which type of network covers a small geographical area, such as a home, office, or school?
    A. LAN (Local Area Network)
    B. MAN (Metropolitan Area Network)
    C. PAN (Personal Area Network)
    D. WAN (Wide Area Network)
25. What is the intersection of a column and a row on a worksheet called?
    A. Address
    B. Cell
    C. Column
    D. Value

## SECTION B

***Answer only three questions in this section.***

1. a) Describe how ICT manifests in education, business, and healthcare **(15 Marks)**
   b) Distinguish between system software and application software, providing two examples of each **(10 Marks)**

2. Differentiate between the following terms (5 marks each)
   a) Internet and Intranet
   b) Website and Webpage
   c) Web Browser and Hyperlink
   d) HTTP and HTML
   e) eLerning and eCommerce

3. A) What is a computer network? [5 marks]

   B) state and explain four (4) types of computer network [5 marks each]

4. State and explain five (5) Requisite skills needed to be part of the information society? 25marks

5. Use the spreadsheet below to answer the questions that follow;

C2 | fx | 15

| | A | B | C | D | E |
|---|---|---|---|---|---|
| 1 | Item | Unit Price (GH¢) | QUANTITY | TOTAL COST | |
| 2 | Pendrive | 10 | 15 | 150 | |
| 3 | Hard disk | 200 | 3 | 600 | |
| 4 | Monitor | 400 | 5 | 2000 | |
| 5 | Keyboard | 150 | 7 | 1050 | |
| 6 | Mouse | 40 | 9 | 360 | |
| 7 | | | | | |
| 8 | | | | | |

A) Provide a formula for calculating the cost involved in buying 5 Monitors. (5 Marks)

B) Write down a function for finding an item with the highest unit price. . (5 Marks)

C) provide a formula for finding the total cost required to purchase all items. (5 Marks)

D) Write down the function to find the average figure of total cost. (5 Marks)

E) What is the range of the highlighted cells in the spreadsheet? (5 Marks)
